

IN YOUR TOWN: WINONA

HELPED 136 PEOPLE SAVE ON PRESCRIPTIONS

Through United Way's partnership with SingleCare, we helped Winona residents save almost **\$10,000** on prescription drug costs. When people have good, stable health, they are more likely to be able to earn enough income and pursue their educational goals.

FUNDED LOCAL CIVIC ENGAGEMENT PROGRAMS

Over the next year, United Way of Olmsted County will provide funding to **Engage Winona's Lived Experience Leaders Cohort** program and **Home and Community Options' Grassroots Advocacy Taskforce**. These local organizations will advance civic engagement and make sure everyone has the resources to become leaders.

LOOKING FORWARD: IDENTIFYING COMMUNITY NEEDS

In 2025, United Way will lead a Winona Co-Design Project to learn what resources are – and aren't – available to Winona residents. Our goal is to make sure everyone in Winona has what they need to thrive by gathering information that will **lead to improved local services**.
