BOYS & GIRLS CLUB
OF ROCHESTER

TOGETHER, WE BUILD BETTER LIVES

"For me, leading Boys and Girls Club into a more equitable future means a lot of vulnerability, learning how to lead people where they need to go, where they want to go. I'm still trying to find my own voice in that.

It's important to give back to our community because of how much we and our loved ones have to gain from our own contributions and how much we've already gained from the contributions of others. The community we live in builds, forms, and shapes who we are.

LIVING UNITED MEANS WORKING TOGETHER WITH OUR COMMUNITY TO MAKE OUR COMMUNITY BETTER FOR ALL OF US.

It's about linking arms with organizations, with individuals, with our neighbors and asking 'what can we do better together than we can do separately?'
