INTERMIX PROJECT

TOGETHER, WE BUILD BETTER LIVES

"In my experience, the gaps in the state of Minnesota, in particular with the underrepresented communities, is not acceptable. We have the opportunity to create change within our Hispanic and underrepresented communities.

I believe, the happier people are, the happier the community. If people have things to do, if people feel safe, if people feel welcomed, you have happier human beings.

WE HAVE TO BE A PART OF THE CHANGES THAT WE NEED TO SEE IN OUR COMMUNITY.

My hope for the future is that we thrive within our own community and the community at large.

Living United means to have common goals and to work together but also know what that work is and what the community needs. It's being involved, having those conversations with the community we're intending to help, and for them to have a voice and be heard as well."
